News Digest.

From Madison we learn that the Senate has indefinitely postponed a resolution to adjourn on the 6th day of March. A bill has passed the Senate amending the act establishing the Municipal Court in this city.

A fire at Brantford, C. W., yesterday, destroyed twenty-three buildings, mostly stores. The loss is estimated at from $150,000 to $200,000. A fire at Tarrytown, N. Y., destroyed ten buildings, valued at $12,000. We have also an account of a fire at Hartford, Conn., which destroyed two manufactories. Loss $60,000.

Late advices from Europe state that England and France have notified the Sardinian Cabinet that they have no objection to the annexation of Central Italy to Sardinia.

THOS. H. SEYMOUR has been nominated by the Democrats of Connecticut, as their candidate for Governor.

The election of Printer to the House has been postponed till Monday.

The weather yesterday was decidedly wintry. The sky was cloudy and the air raw and chilly, with a slight sprinkling of snow in the afternoon, which changed into a brisk snow storm last night.

The Republican Meetings To-Night!

Our Republican friends are reminded that the primary meetings for the election of Delegates to the State Convention, which meets at Madison on the 29th inst., are to be held *this*, Saturday evening, at 7 o'clock, at the places named below:

First and Seventh Wards.—Court House.
Second Ward.—KORMANN's Saloon.
Third Ward.—Frankfort House.
Fourth Ward.—Menomonee Hotel.
Fifth and Eighth Wards.—Niagara Hotel.
Sixth and Ninth Wards.—RIMMELE's Saloon.

We hope to see a full attendance of the Republican electors of Milwaukee at these gatherings. Let the opportunity be improved to commence the indispensible work of organization for the Presidential campaign.

The Abolition of Collection Laws.

Mr. Elmore's bill, to abolish all laws for the collection of debts, as will be seen by our report, passed a third reading in the Assembly this forenoon, by a decided majority.

We wish to create no unnecessary alarm by stating this fact, for there is not the remotest chance of the bill's becoming a law. The flattering vote which it received was but a compliment to Mr. Elmore for one of the most eccentric, humorous and ingenious speeches we ever listened to.—*Madison Patriot.*

We take it for granted, as the *Patriot* says, that there is no probability of Mr. ELMORE's bill becoming a law. Indeed that gentleman gave notice, after the bill was ordered to a third reading, that he should move its reference to the Judiciary Committee, who will probably hang it up to dry. Waiving the question whether the *principle* of the proposed law is right, or wrong, it must be manifest to the Legislature, as to the People of Wisconsin, that the present is not the time to initiate such a sudden and radical change in our Collection laws. Let us recover, if possible, a portion of the credit we have lost by the frequent and impolitic changes in these laws, before we venture upon a measure of such a sweeping character as that introduced by Mr. ELMORE.

DESTRUCTIVE FIRE AT WATERTOWN.—About half past 3 o'clock on Thursday morning, the large hotel in the 4th Ward, at Watertown, belonging to GOTTLIEB BAUMAN, was discovered to be on fire—in fact, so nearly wrapped in flames that those sleeping in it barely had time to escape. It was a large three story wooden structure, and being very dry, the fire spread so rapidly as to render all attempts to extinguish it entirely useless. A few beds were all it was possible to get out. Everything else, such as furniture, fixtures and provisions were consumed. We understand there was no insurance on the property, and if this is the case, of course the loss, which cannot be less than $2,000, will be total.

The firemen were promptly on hand, and did all that could be accomplished under the circumstances. They had everything in good working order, but the building was too far gone to be saved.

We also learn that the Watertown Rifle Company, who kept their arms in this building have lost all their accoutrements.

LAST WEEK a mammoth elk was brought into Sparta, weighing over 500 pounds. The antlers measured over five feet. There have been several of these now scarce animal shot in Wisconsin during the past season.

BURN's PRISON CITY ITEM announces a sereal story, written by a convict in the State Prison, and to be called "Grace Arlington."

A REVIVAL is in progress at the Baptist Church at Fox Lake.

IMPORTUNATE OFFICE BEGGARS.—The Kenosha *Telegraph*, in a notice of the death of Dr. B. B. CAREY, late Post Master at Racine, relates the following discreditable incident:

"We learn from a respectable citizen of Racine, that as soon as it was generally known in the city, Dr. Carey had departed this life, an almost incredible number of applicants for the office of post master made a rush for the appointment. Letters of recommendation, endorsements of political orthodoxy, statements of services rendered, affidavits of fidelity to the powers that be, and divers other instrumentalities, were with all possible haste put in requisition. Expresses were despatched to Milwaukee, Kenosha, and other places, to procure help from influential partisans for particular candidates. Our informant says that before the last funeral rites of Dr Carey had been performed, the number of aspirants had increased to over one hundred. An army of seekers for the post left for Washington, who will besiege the Department.

EXCISION OF CANCER.—Dr. Mason, assisted by the other members of the fraternity, last week cut a cancer from the breast of Mrs. Russell, of lower town, which weighed something over two pounds. The patient was under the influence of chloroform, and during the half hour which it took to perform the operation, was totally insensible to pain—is now getting along very well.—*Prairie du Chien Leader.*

SUPREME COURT, WEDNESDAY, Feb. 15.—Ninth Circuit, No. 10.—Welch vs. Sacket, et al. Argument commenced by Smith, Keyes & Gay, for plaintiff in error, and Collins, Atwood & Haskill for defendants in error, and not completed. Court adjourned.

THURSDAY, Feb. 16.

Same as above. Argument continued and completed.

Go to Albany Hall To-Night.

The managers of the Mount Vernon Association have arranged a Continental Party to come off at Albany Hall to-night. The entertainment will consist of dancing and various other amusements. The price of admission is placed at the low sum of twenty-five cents.

We are requested to state that the decorations of the Hall will remain undisturbed. Be sure to go to Albany Hall to-night and give them a rousing benefit.

WE so far depart from our own custom and the custom of Milwaukee dailies generally, as to notice to-day, the La Crosse *Republican.*—This little termagant is usually not worth noticing, but occasionally it gets off an extra antic which, from its violence and ludicrous nature, is worth repeating. It seems to have but one mission, and that is to get into trouble. Nothing pleases it. The world is arrayed against La Crosse, and even La Crosse is arrayed against itself, and the infatuated people of that city are all to blind too heed the warning voice of the little cock-sparrow. The Milwaukee dailies all persecute La Crosse, and what is worse, the La Crosse folks won't wake up to the fact, but leave all the painful realization to the *Republican.* This is a terrible state of things for so young and feeble a paper; such a chronic fever will wear out the patient if it does not wear out the readers, and by-and-by our little fellow will have his obituary written by his less rabid cotemporay, a fact of itself sufficient, no doubt, to make his eternal sleep anything but sound. The following will convey a lucid idea of the deplorable state into which our poor little fellow has at length fallen.

The idea with the Milwaukee dailies that everything and everybody in any way connected with that city must be puffed, regardless of truth, seems to persons living outside of that centre of the world, as ridiculous.—This paper came near being annihilated for mentioning that there existed such a place as Chicago. And again, for daring to insinuate that La Crosse deserved the sympathy of its own citizens as against Milwaukee. The Milwaukeeites have become so accustomed to see in country papers dish-water praise of that brick-yard city, that it has become, in their opinion, high treason to even give statistical facts, when Milwaukee is not exhibited as the largest city in the world.

IT WILL BE SEEN by the police report that our unfortunate friend "John Doe" and his chum "Roe" have been up before the Justice again. This, we believe, is the forty-second time these two graceless scamps have been arraigned within the past twelve months. It must be amusing to the Justice to meet so regular a pair of customers, and we fancy we hear him saying to himself, as he spies them, "Ah! ha! there's that Doe and Roe again. Bless my soul, what a persevering couple they are." These two young gentlemen, we believe, are respectably connected, have friends who they wouldn't for the world should hear of their escapades; but, we fancy, one of these days John Roe and Richard Doe will get sentenced to the gallows, and then, at least, they will keep out of the papers.

THE KAVANAUGH CASE.—This case, which has excited considerable attention, was yesterday concluded, and the prisoner sentenced by Judge FOOTE to three years hard labor in the State Prison, one day of which was to be spent in solitary confinement.

It was understood, yesterday afternoon, that Mr. LADUE, counsel for Mr. KAVANAUGH, had sued out a writ of *habeas corpus* in this case, which will be returnable next Wednesday for argument, at 10 A. M., before Court Commissioner R. N. AUSTIN, Esq.

BALL OF THE UNION GUARDS.—The Ball of the Union Guards, at Sivyer's Hall, on Thursday evening last, was a very pleasant, well-conducted and successful entertainment. The company was numerous, the music excellent, and the refreshments palatable. The officers and members of the Union Guards were most polite and attentive to their guests and all seemed to enjoy themselves greatly. The Hall, by the way, in one of the neatest and best arranged in our city.

GLUE.—Our advertising columns contain some testimonies to the value of a new article know as "SPAULDING's Prepared Glue," useful to housekeepers for mending furniture. It is prepared with chemicals, by which it is kept in the proper condition for immediate use, the chemicals evaporating as soon as it is applied, leaving the glue to harden. We can assure our readers that this article has the excellent phrenological quality of "large adhesiveness."—*N. Y. Independent, July 23.*

MOUNT VERNON FESTIVAL—FUN FOR YOUNG AMERICA.—This afternoon, at two o'clock, the little people are to have *their* Mount Vernon Festival at Albany Hall. The decorations of last night will be retained; a very attractive Oriental Panorama and the Magic Lantern will be exhibited; and Mr. DAVIS will perform some of his clever feats in ventriloquism. The entertainment will be an attractive one, and the price of admission is but a trifle.

WE PASSED a pleasant half hour yesterday at STRICKLAND's, looking over a large supply (just received) of ANTHONY's instantaneous stereoscopic views, depicting Broadway from several points and numerous other celebrated localities. Go in and see them.

IF THE NOTORIOUS ED. KAVANAUGH is to slip through the hands of justice via a *habeas corpus*, would it not be as well to discontinue any further attempts to punish outlaws? This is being generous before we're just, with a vengeance.

THE WISCONSIN GEOLOGICAL CLUB.—This institution has attracted little attention from the outside world, for it is composed of persons who ask nothing in their associate capacity "but to be let alone." The members are bound together by a common interest in one of the most interesting subjects which can receive the attention of lovers of science. Now and then a stranger gets a peep behind the curtain and tells tales out of school.

The following we clip from the Lancaster (Penn.) *Daily Express.* After paying our city many high compliments and speaking especially of our schools and school buildings, he says:

"In our general explorations throughout the city, a specimen of considerable interest to the natural history of the State of Wisconsin, was discovered; now don't think your correspondent has gone and immortalized his name by exhuming some wonderful monstrosity of unpronounceable name; not at all—the specimen spoken of, is known by the very modest name of "The Geological Club." It is not a fossil but a thing of life—none the less interesting, however, on that account. The Geological Club is an informal association of several gentlemen and ladies, who, attracted by the concurrent love of natural history, have established a series of meetings, to be held at the private residences of the members of the Club. At these meetings are discussed in a familiar way, the geology of some assigned portion of the world, the exercises being opened by a lecture from one of the members.

Last night a meeting was held at the residence of Prof. Sherman; the subject under consideration was the geology of the State of Alabama, from which State Mr. S. exhibited a large collection of mineral and fossil specimens. After hastily examining the cabinet and conversing with antiquity, through the mediums preserved in the rocks, and handed down to us by the displacing forces of nature, the party were surprised by the introduction of a more recent species of crustacea; they were not handed down in the rock, but were passed around smoking hot, on porcelain; the Professor's cabinet at once sank in interest, and Mrs. Sherman bore away the palm, and we the oysters.

The leading spirits in the Club are I. A Lapham, and Prof. Sherman. These gentlemen are the nucleus around which has collected what is now named the "Club," but what is in fact, the beginning of a State Geological Association, and these social gatherings are the forerunners of important scientific conventions. The choice collection of minerals, fossils, shells and plants, made by Professor Lapham, placed in a public institution, will constitute the basis of an extensive cabinet.

May not the lovers of science in Lancaster take the hint from the proceedings of this Club, and go and do likewise. Let our friend, the Professor of Natural History in Franklin and Marshall College, co-operate with our well known entomologist, and others of the city, move in this matter, and there will be a multitude of followers.

J. R. S.

MUNICIPAL COURT.—The following cases were disposed of yesterday:

Edward Kavanaugh, assault with intent to kill, sentenced to three years in State Prison.

Dusald Tebo, drunk; fined $2.

Mary Kannally, drunk; fine and costs, $6,58. or thirty days in jail. Execution issued.

"John Doe" and five other "Roes," bro't up, on complaint of "Nelly Nelson," for violating third section of city ordinance.—Two of defendants discharged, and four convicted. Fined in the aggregate $37,14.

John Schumacher, assault and battery; fined $5.00.

John Clayton, on complaint of "Madame James," discharged for want of prosecution, the complaining witness having left town for Portage City, or parts unknown.

CHAPPED HANDS.—We know of no better remedy for chapped hands than BAZIN's Glycerine and Camphor Soap. It is an infalliable cure for all eruptions on the skin, arising from exposure to the weather, and unlike too many of the popular cosmetics in use, it possesses none of the injurious qualities, which, though affording temporary relief, inflict lasting injury. It is for sale by J. M. ALCOTT, Druggist, East Water street.

MOUNT VERNON FESTIVAL.—The festival in aid of the Mount Vernon Fund, last evening, proved an elegant affair. The Hall had been handsomely decorated with flags and drapery and emblematical devices, and presented a very rich appearance. The display of beauty, gallantry and full dress chivalry, was indeed ahead of anything we have seen in some time. Tableaux and music filled up a greater part of the evening agreeably, and we presume a hop rounded off the small hours.

THE WISCONSIN says: "The Theatre in Young's Block will be done in about two weeks." This is an impossibility. To get it ready for occupation by a theatrical company will take over a month.

NO LECTURE.—There will be no lecture in Good Templars Hall on Sunday next, as Miss M. HEWLETT, who was engaged to speak on that day, is unable to fulfill her engagement, on account of ill-health, but will probably be here the following Sabbath.

THE Young Men's Lyceum meets to-night in BOWMAN's Block. The subject for discussion is—"Resolved that scientific geology has not demonstrated a single fact in relation to the age of the world."

A VERY WORTHY SOCIETY is that known as "Mary and Martha," and we hope their festival on Monday evening, at Albany Hall, will be well attended.

RELIGIOUS NOTICE.—The Rev. N. A. STAPLES will preach upon the "Sphere of the Pulpit" to-morrow (Sunday) evening at the Church of the Redeemer, on Cass street.

YESTERDAY, Rheumatism reigned. Invested the city with acheing winds, did everything, in fact, that was terrible.

TELEGRAPH!

REPORTED BY THE N. Y. ASSOCIATED PRESS, FOR THE DAILY SENTINEL.

Washington Matters.

WASHINGTON, Feb. 17—3 P. M.

The Com. on Printing Investigation sat several hours this morning, and examined John Rivers on various matters connected with the Congressional Globe.

He proved that the Senate printing was executed in his office under an arrangement with Mr. Bowman, by which he received two-thirds of the price paid by law for doing the work of one-third, and Mr. Bowman one-third of his profit of the job, without incurring any risk or responsibility.

It is understood here that the Pennsylvania delegates to the Charlestown Convention will support the nomination of S. C. Breckinridge though they are not yet appointed.—Mr. Bigler will go as one of the Senatorial delegates.

HERALD'S WASH. COR., 16th.—There was a smell of powder about the Capitol yesterday. A difficulty occurred between Dr. Alvord, of Michigan, and Mr. Lesell, of S. C.; an affair of honor which resulted in an exchange of hostile notes. Friends interfered, the notes were withdrawn, and the affair settled.

Information has been received from a reliable source that the Juarez government has accepted the proposition recently made to them by a responsible company representing several thousand Americans accepting their aid, ceding to them large landed interests, and several of the Mexican States.

Mr. Davis, of Md., is on the first favorable opportunity to reply to the resolutions of the Md. Legislature, denouncing his vote for Pennington.

The Senate Committee on Territories has before it Territorial bills for the organization of Arizona and Nevada. Arizona, it is understood, will not be reported at this session; the latter will probably be reported at the next meeting.

The Senate has confirmed J. D. Crittenden, Register, and W. H. Moore, Receiver of the Land Office in Minnesota.

Later from Europe.

Congressional Proceedings.

WASHINGTON, Feb. 17—3 P. M

SENATE—Not in session to-day.

HOUSE.—Mr. Fouke introduced a bill to incorporate the United States Agricultural Society. Referred to Committee on District of Columbia.

Mr. Keitt, from the Joint Committee to made arrangements for inaugurating Mills' equestrian statue of Washington, reported a joint resolution appropriating $10,000 to defray the expenses. Passed.

Mr. Sherman moved the election of printer be further postponed, till Monday. Agreed to.

House passed the Senate's resolution giving the consent of Congress for Capt. Shubrick to accept the sword tendered him from President Urquiza, of the Argentine Confederation, as a mark of his approbation of the distinguished character of that officer.

The Senate's bill to abolish the franking privilege was read, and Mr. Vallandingham moved to refer it to a special committee that the House may have all the facts.

Mr. Reynolds moved to lay it on the table. This motion was negatived by 72 against 99.

A parliamentary struggle ensued as to what disposition should be made of the bill.

The House refused by 31 majority to refer it to the Post Office Committee.

It was finally referred to a select committee of five, and the House adjourned till Monday.

BOSTON, Feb. 17th.—9 P. M.

The Democratic Convention of the 7th District, held at Haverhill yesterday, elected Frederick O. Prince, of Winchester, and Geo. Johnson, of Bradford, as Delegates to the Charleston Convention; B. F. Watson, of Lawrence, and Geo. W. Dyke, of Stoneham, substitutes. The Convention was of rather an exciting nature, occasioned by double delegations, but ended harmoniously. The delgates are Douglas men.

NEW YORK, Feb. 17—9 P. M.

A fire broke out in Tarrytown, last night, opposite the depot, and destroyed 8 or 10 buildings occupied as stores and dwellings. It commenced at 12 o'clock in the store of Mr. Evans. The buildings were all burned. Loss $12,000, covered by insurance.

HARTFORD, Feb. 17—9 P. M.

The manufactories of Squires & Parson, and Riley & Perkins, in this city, were destroyed by fire this morning. Loss on the first $50,000, insured $34,000; on the latter $10,000, insured $6,500.

Washington Matters.

WASHINGTON, Feb. 17—9 P. M.

The vote to-day on the motion to table the Senate bill to abolish the franking privilege does not afford a fair indication of the sense of the House on the subject, as some of the members who recorded their names in the negative would have voted directly against the bill had the question in its passage been presented. Although Mr. Colfax, the Chairman, and a majority of the P. O. Committee are understood to be in favor of abolishing the franking privilege, they are said to be against interfering with the present law in regard to the circulation of newspapers. The House by 31 majority refused to give the bill that direction, and referred it to a special committee which was moved by a gentleman who has publicly expressed his opinion against the proposed measure.

In order to show that Kansas had the requisite population under the law of Congress, to entitle her to admission as a State into the Union. Judge Arny has sent for certified copies of the registry and census taken last year, and for copies of the various election returns of last year. They have not been forwarded by the Secretary of the Territory to the State Department here. From certified copies of the returns which Judge Arny has obtained from the Clerks of some of the counties in Kansas, he concurs with Judge Petit and others, in the opinion that there are over 100,000 inhabitants within the boundaries prescribed in the Wyandotte Constitution.

Among the recent confirmations by the Senate are Wm. R. Parrish, as District Att'y for Southern Ill., and John H. Lewis U. S. Marshal of Wisconsin.

The receipts into the Treasury last week were $200,000. The payments made amount to $40,000. Balance subject to draft is $9,000,000.

The Congressional committee of the inauguration of the statue of Washington, to-day arranged an extensive programme. An especial invitation has been sent to Gen. Scott, who, by telegraph, says he cannot be present, owing to physical indisposition. A sub-committee has in charge the military arrangements and will invite many others, it is said the 7th regiment National Guards of N. Y.

It is intended, as far as the brief interval for preparation will allow, to make the occasion one of very imposing interest. Major General Jesup is to be the Grand Marshal on the occasion. Places are provided in the procession for, among others, the Judges of the Supreme Court, members of the diplomatic corps, officers of the army and navy, the President and his Cabinet, Members of Congress, Mr. Bocock, the orator of the day, and Clark Mills, the artist who executed the statue, and even for officers and soldiers of the Revolutionary army in uniform.

NEW YORK, Feb. 17—9 P. M.

NEW BEDFORD, Feb. 17—9 P. M.

FOX AND WISCONSIN IMPROVEMENT COMPANY.—We would invite attention to the advertisement of the Treasurer of the "Fox and Wisconsin Improvement Company," for additional subscriptions to its capital stock of $400,000, under circumstances which will certainly be accepted by capitalists if any loan can be negotiated in this market:

1st. This stock is to be *preferred* stock.

2d. It will be on interest of *twelve per cent* per annum, to be paid before any dividend can be paid upon the capital stock of the Company.

3d. Land estimated at only three dollars per acre, is to be given as a bonus to the full amount of subscriptions.

The land, it must be remembered, was given by the General Government; and from our knowledge of the region, we should imagine that the bonus thus given is nearly, if not quite equal to the money to be subscribed. Then again, the stock is to bear twelve per cent., and is a preferred stock. Now, all who know anything of the Fox River, which empties into Green Bay, and Lake Michigan, and the Wisconsin, which empties into the Mississippi at Prairie du Chien, cannot doubt that when this improvement is finished, so that boats may pass from the Mississippi to Green Bay, the commerce passing through, must be enormous—certainly more than sufficient to pay the twelve per cent. upon the preferred stock. If so, then the land conveyed at three dollars per acre, is simply a gratuity in addition to the twelve per cent guaranteed by making this preferred stock.

The simple fact that such a proposition as this, is made to our capitalists, proves how exceedingly cautious they have become. We, however, recommend them to investigate thoroughly this proposition, as the improvement is one of very great importance to the Northwest and to the seaboard.—*N. Y. Courier & Enquirer, Feb. 14th.*

SOUTH CAROLINA.—By the Constitution of South Carolina, the qualification of eligibility to the Legislature and to Congress is a large amount of property—either a freehold of five hundred acres of land and ten negroes, or of other real estate. To be eligible to the State Senate, a large amount of property is requisite. The House consists of 124 members, chosen for two years—the Senate 37 members, chosen for four years. The Governor, Lieut. Governor, Judges, Secretary of State, etc., are chosen by the Legislature—the Governor and Lieut. Governor for two years, and each must not own less than 1500 pounds sterling, or $7,200 clear of debt. All voters must be twenty-one years old, have resided in the State two years, have fifty acres or a town lot, or pay three shillings sterling of tax. This gives the whole governmental power to the landed aristocracy. The apportionment for representation made sixty years ago still continues, which, in reference to the present white population, gives the Legislature to a small minority.

This is the State from which we hear such loud complaints and threatenings against the general government. The truth is the popular masses in South Carolina are infinitely more oppressed by their own State government than by the general government.

A NOVEL EXCITEMENT.—Quite a crowd was collected on Front street last Monday, by a veritable street Preacher, of German extraction. He drove up to the sidewalk in a rough sleigh, hitched his horse to a post and commenced singing in a loud voice. His hymn being finished, he announced—"I take mine text in Romans," and delivered an exhortation for about twenty minutes, full of good doctrine and genuine enthusiasm. He then passed his hat through the crowd for a collection, returned to his sleigh and broke out in another song. With his hymn-book in his hand, singing at the top of his voice, he unhitched his horse and prepared to leave. Having offered a closing prayer, he seated himself composedly and drove off, singing again as loud as he could shout. He declared that he was sent to preach the gospel to the poor, and we suppose he went away on his benevolent mission.—*Dodge County Citizen.*

LOCAL DEQUINCY—CONFESSIONS OF A BUFFALO OPIUM EATER.—Yesterday morning, a man of prepossessing appearance stepped into one of our drug stores, and asked for two ounces of laudanum, which the clerk put up for him in a vial. He then asked for a glass of water, which request being complied with, he poured out part of the water; emptied the contents of the vial into the tumbler, and deliberately drank it off. The affrighted clerk immediately called in a policeman, and had him taken to the chief's office. The laudanum drinker only laughed at their fears, and said he was in the habit of taking it, and was obliged to do so; that he could eat four ounces of opium without being in the least affected by it. The last we heard of him, he was sitting quietly in Chief Best's office, cracking jokes with a policeman, to whom he seemed an object of peculiar interest.—*Buffalo Courier, 7th.*

FROM LAKE SUPERIOR.—A party of six or seven men came through from Lake Superior last week. They left Negaunee (Pioneer Iron Works) with horses and sleigh, on Tuesday morning, reaching this city Saturday afternoon. They report the ice on the Bay firm, but with many bad cracks; snow near Marquette three feet deep. Business rather dull up there this winter, but the prospect is fair for a brisk opening in the Spring. The Pioneer Company is running but one stack, and employ less than one-third the number of men they did last Winter.—*Green Bay Advocate, 16th.*

Two brothers by the name of Rich were lately married to two sisters by the name of Wings, and have emigrated—thus showing the "riches take to themselves Wings and fly away."

IRON FOR THE RAILROAD.—At a meeting of the Directors of the Green Bay & Madison R. R Co., held in this city on Saturday, the working Committee of the Company were authorized to make the necessary arrangements and negotiations for the iron for the road. There is a determination now on the part of the company to have the cars running within twelve months. Green Bay and Brown County will then see the "good time" that has been coming for so many years. Now is the time to locate here, to secure a front seat, while property is cheap, and before speculation commences.—*Green Bay Ad. 16th.*

MOVEMENT IN A NEW DIRECTION.—Mr. F. F. Hamilton, of this city, started five loads of provisions for Lake Superior, on Monday last. This movement was in consequence of reports having been received from that region, of a great scarcity of the necessaries of life—corn being said to be worth $2,50 per bushel, and other things in proportion. The party started on wagons, each team having on board about two tons. They expect to get on runners before reaching the north pole. We trust the business may *pay* well, besides relieving the pressing wants of some portion of our hyperborean neighbors. The trip will doubtless occupy at least six weeks. —*Berlin Courant.*

REPUBLICAN STATE CONVENTION.

A Republican State Convention will be held at the Capitol, in Madison, on Wednesday, the 29th day of February, 1860, at 12 o'clock M., to choose four delegates from the State at large, and two from each Congressional District, to represent the State of Wisconsin in the Republican National Convention to be held at Chicago on the 13th of next June, to nominate two candidates for presidential electors for the State at large; to adopt such action as may be deemed advisable in view of the approaching election of Chief Justice of the Supreme Court of the State; and for the transaction of such other business as may be thought calculated to advance the interests of the party and promote the success of its principles.

Each Assembly District of the State will be entitled to two delegates in such Convention, except where a district includes more than one County, when each county will be entitled to two delegates.

The committee would respectfully suggest that Assembly District Conventions to elect delegates to the State Convention be held as early as Saturday, the 18th day of February.

The Republican Primary Meetings.

The Republican electors of Milwaukee are summoned to meet *to-night*, in their respective Assembly Districts, to elect delegates to the State Convention, which will assemble at Madison on the 29th instant. Upon that body will devolve the choice of the delegates who are to represent Wisconsin in the Republican National Convention, which will meet at Chicago on the 17th of next June. We do not doubt that the readers of the SENTINEL appreciate the importance of these Primary Meetings, and the necessity, not only of sending our best men to the Madison Convention, but of taking the necessary steps for a complete and efficient organization of the Republican party in this city and county. We shall content ourselves, therefore, with reminding our Republican friends of the meetings *this* evening, and urging them, *one and all*, to attend and take part in the proceedings.

The Charter Election.

It is conceded on all hands, we believe, that our Charter Election will not be held this year until the first Tuesday in April, the same day as the Judicial Election. Although some six weeks are yet to intervene, there is a good deal of talk, already, about candidates. The financial condition of the city is such as to demand the services of our most prudent, experienced and capable business men to extricate us from our embarrassments, lessen the burthen of taxation and restore the public credit. Not only should a first-rate man be selected to fill the post of Mayor, but equal pains should be taken in the choice of the other city officers and members of the Common Council. Indeed, we shall find it difficult to persuade any of our substantial business men and tax-payers to accept the Mayorality, unless he can be assured that his associates in the city government are also men of the right stamp and enter upon their duties with a single eye to the interests, the welfare and the good name of Milwaukee.

A call, already very numerously signed by prominent citizens of all parties, is in circulation, inviting Mr. ALEXANDER MITCHELL to become a candidate for Mayor at the ensuing election. Whether Mr. MITCHELL will consent to the use of his name for this purpose, we are not advised. If he does, it will only be in obedience to the generally expressed wish of his fellow citizens, and from the conviction that when such a call *is* made upon him, he cannot refuse to the city, in which he has so honorably won fame and fortune, the benefit of his eminent abilities, large experience, high character and extensive business connections.

The K. N. Candidate for Speaker.

The *News* still labors to pull the wool over the eyes of our adopted citizens, by persisting in the statement that Mr. SMITH, the K. N. nominee for Speaker, who was supported by the Democratic and Know-Nothing coalition, is not a member of the Dark Lantern Party. We again refer the *News* to what the New York *Tablet*, the Irish Catholic organ, says on this point:

> "Mr. Smith, of North Carolina, who is classed as a Know-Nothing was proposed by a member of that party as the nominee of the party by whom he was elected to Congress. He was nominated and elected by the Southern Know-Nothing party, in opposition to and over a Democrat. We have been privately assured, by good authority from the gentleman's own State, that he is an out and out Know-Nothing, and has long acted with that party. The assertion that he is not a member of the Know-Nothing *order*, or the Know-Nothing *organization*, or the Know-Nothing *lodge*, is the flimsiest and most shameful of subterfuges. He is a member of the party and a nominee of the party, who voted for him to a man; and no man, whom the votes of naturalized citizens helped to his seat in the House, could vote for him *without being a traitor to those constituents*.

This testimony is conclusive and is corroborated, moreover, by the fact that Mr. SMITH himself, when appealed to, pending the election, to say whether he did, or did not belong to the Know-Nothing party, refused to reply, maintaining a positive silence. He did not then, nor at any time, deny that he was a member of the order, and it is notorious that he was their nominee. Yet the Democrats, with three exceptions, all voted for him, thus deserting their principles and betraying their constituents.

The Ne Plus Ultra of Fanaticism.

The Daily *Southern Confederacy*, of Atlanta, Ga., a paper which appears to be principally devoted to Disunion, publishes a new "Black List" of merchants in Philadelphia, whom it styles "Abolition Houses." This list consists of seventy-three wholesale dealers, most of whom are among the best and most substantial merchants of the Quaker City.

The Philadelphia correspondent of the *Confederacy*, who furnishes this list, and signs himself "A Son of the South," accompanies it with the following mild and patriotic remarks:

> *Pennsylvania* and *New Jersey* are lost. They have been bought and paid for by the Black Republicans.—So far as the Presidential contest is concerned, the victory is gained before the battle begins."
>
> The South has but one thing to do. Nominate a man who can command an army, as well as direct a Cabinet, and vote for him unanimously. After the election inaugurate him. He will be the only constitutional President.
>
> The Black Republican candidate will have no rights under the constitution. They are conspirators and traitors—pirates and murderers, and the votes they cast for their leader will be merely the votes of *outlaws*.
>
> The pirate traitors now have the Speaker, Clerk, etc. Will you wait for their President? Forbid it, all the gods!
>
> "Arm, organize, confer, unite." [This last is a quotation from his late Excellency Governor Henry A Wise.]
>
> Non-intercourse in *earnest*. And when the Convention assembles in Atlanta, let it be *en permanence*. Admit no Northern spies—reporters. Let the doors be closed. *Let the wires be silent.* Go further—*let the Southern press, at a concerted signal, cease all intercourse with Northern newspapers.*
>
> Why wait till after the election—when that event is a foregone conclusion?

There is a definite platform for you! The paper which adopts and endorses these sentiments has the name of ALEXANDER H. STEPHENS at its head as its candidate for the *Presidency*. Won't the Charleston Convention have a good time?

COMMUTING THE SENTENCE OF MRS. BILANSKI.—A bill has passed the House of the Minnesota Legislature, commuting the sentence of Mr. BILANSKI, the murderess, to imprisonment for life. The bill passed by *one* vote, after an animated discussion, and will now, in all probability, pass the other branch of the Legislature.

THE EDITOR of the Fox Lake *Gazette* was assaulted the other day in the street by a man named THOS. McCAUL, who had taken offence at an article which appeared in that sheet.

TYLER & Co.'s new flouring mill, at Sparta, is pronounced by the paper of that place, the model mill of the Badger State.

A Leaf from the History of the John Brown Invasion.

EDITORS JANESVILLE GAZETTE:—I Tuesday evening received from Senator Doolittle a letter and enclosure of which you herewith have copies. For the act of true kindness in forwarding me this paper, I cannot fail to express to the senator my sense of great obligation.

I wish through your paper to offer, and do hereby offer a reward of one hundred dollars for the detection of the miscreant guilty of this forgery.

Yours &c, A. HYATT SMITH

WASHINGTON, Feb. 10, 1860.

HON. A. HYATT SMITH—*Dear Sir:*—Among the intercepted letters addressed to John Brown in the Jail at Charleston, Va., is one purporting to have been written by you, of which I send you a copy. Among other papers produced before the Harper's Ferry investigating committee (of which I am a member) this is one. As I know your hand writing I have not hesitated to pronounce it a forgery, and I now send you a copy and request you to answer at your earliest convenience, so that I may at once, upon your own authority (as I have no doubt such is the fact,) state that this letter was never signed or authorized by you, and that it is wholly without your sanction or your knowledge.

Respectfully yours, J. R. DOOLITTLE.

[Copy.]

JANESVILLE CITY, Nov. 25, 1859.

DEAR CAPTAIN:—I am personally unknown to you, but I write to tell you to *keep up good courage*, don't despair of deliverance.

Five hundred good men and true are now leaving for Charleston from this State, *bound to rescue you* from the hands of the hound-like Wise; they leave in small squads to avoid any suspicion, but will be on hand in time, with the Ohio thousand. We will be enough for them I think. Keep up your spirits and rely on your friends.

Yours in the good cause,
A. HYATT SMITH.

The Janesville *Gazette*, from which we take the above correspondence, justly remarks that it illustrates two points in the JOHN BROWN matter worthy of attention.—The first is, the probable character of the intimation upon the strength of which Gov. WISE threw all Virginia into a fever of excitement and saddled her People with a bill of $180,000. The second, the different manner in which prominent Democrats and prominent Republicans, whose names have been connected by rumor or otherwise with the JOHN BROWN "raid," are treated by the Committee.

The North and the South.

> After all the assaults the Republicans have made upon the people and institutions of the South, the assailants now begin to find that a party must of necessity be more than a mere sectional party to succeed in any general election, must hold principles not confined to fanatics alone, but to men of all conditions and educations.—*News of yesterday.*

What the *News* says the Republicans have just begun to find out, is precisely what the Republicans have known and maintained, ever since the organization of their party. It was to *resist*, not to encourage "sectionalism," and to repel the constant aggressions of the South upon the North, that the Republican party was formed. But the *News*, which sees so clearly the mote in Republican eyes, is unconscious of the beam in its own. Following the lead of its Pro-Slavery task-masters, it magnifies and misrepresents the aggressions of the North, while it is deaf and blind to those of the South. It cannot, however, deceive the intelligent public opinion of the Free States by any such palpable and one-sided inventions.

Legislative.

> The Assembly ordered a third reading this morning of a bill to abolish all laws for the collection of debts by a vote of *sixty-four to twenty-one*.
>
> The bill was introduced by Mr. Elmore, and his speech in support of it was one of the richest efforts we ever listened to. He kept the House convulsed with laughter for about half an hour. A sketch of his remarks will be found in our report, but it gives only a very faint idea of the original.—*Madison Journal.*

From the sketch referred to, we copy a portion of Mr. ELMORE's humorous remarks, giving his experience of the law.* No doubt there is much truth in what Mr. E. said about the uncertainties of the Law, and the expenses attending Legislation; but for all that we think that it would be a dangerous experiment for Wisconsin to abolish all laws for the collection of debts, in the present condition of our finances and credit. But to Mr. ELMORE's famous law-suit:

The Speaker then proceeded to review the present system of collecting debts. It was all a humbug and cheat, a matter of technicalities and legal shuffling. Lawyers gave advice in order to obtain a fee and encourage litigation. Judges made blunders and mistakes. He had little experience in law, but that little was rich. [Laughter.] He would give a history of it. The speaker then related how he purchased a yoke of oxen about fifteen years ago—paid $50 for them—a few days after the son of the man of whom he bo't the oxen came to him and said the oxen were his. He insisted on having pay over again, and commenced suit. Suit was commenced before a justice. The jury didn't agree.—Finally, through the blunders of the basswood Justice of the Peace, the case went against him. He appealed it to the Circuit Court in Milwaukee. In consequence of an agreement with the opposite party, which he kept but which the other man didn't, he reached Milwaukee just in time to find it decided against him. His lawyer, Col. Crocker, (now present,) told him he was green to put so much confidence in men. His experience, Col. C. said, was that the great mass of mankind were liars. [Laughter.] Well, I went to Jim. Holliday and said, "Jim, I'll give you ten dollars to go and quote Pennsylvania law at Judge Miller and get a new trial ordered." [Great Laughter.] He took the $10 and performed the duty.

A new trial was granted, and the venue changed to Walworth county. I went there. I met you Mr. Speaker, for the first time there. Judge Irwin was then the judge—Any man who wanted to gain a case in his court had either to go hunting with him and let the Judge claim all the game that was shot, or else pat his dog. Well, I patted the dog. [Laughter.] I fed that dog with crackers. [Renewed laughter.] The case was decided in my favor. When I heard the decision, I thought to myself that that dog had followed me about long enough—I turned round and gave him a kick. [Laughter.] The yelps of the dog had hardly subsided when I heard the judge say, "Mr. Clerk, this judgment is set aside and a new trial granted." [Great laughter.] Mr. Speaker, that kick cost me $200! [Convulsive laughter.] A new trial was had; H. N. Wells was his lawyer. He (Mr. Elmore) consented to the admission of certain evidence in the case, at which Wells was offended, and jumped up saying, "D——n my soul," and walked off, abandoning the case. [Laughter.] Well, the jury disagreed this time because one of them, who was a member of the Baptist church, heard me use profane language one day. [Laughter.]

About this time the State government came into operation. Judge Whiton was selected in that circuit, and the case came before him. The jury again disagreed, standing eleven in my favor to one against me. The case was then removed to the Jefferson Co. circuit, and last winter, gentlemen, I received a note from the clerk of that court, saying that if I did not attend to it the case would be stricken from the record. I suppose it has been by this time. I have made no further inquiries about it. There is the history of one lawsuit.

A Fit Man for Chief Justice.

Correspondence of the Sentinel.

MONTELLO, Feb. 14, 1860.

EDITOR SENTINEL:—Observing the many recommendations of candidates for the office of Chief Justice, I wish to add to the list the name of A. SCOTT SLOAN.

The Republicans of this part of the State desire the nomination of some other than Judge DIXON, or Judge SMITH; and believing that Judge SLOAN possesses the indispensable qualifications for the highest judicial position, I suggest his name for that office.

Yours, K.

MRS. BLANDINA DUDLEY.—Our readers have not forgotten the articles that appeared in the *Statesman* some weeks since in regard to a deed obtained by Mr. Rutger B. Miller from Mrs. Blandina Dudley, by which deed she conveyed a large portion of her estate to Rutger B. Miller, junior.

Mrs. Dudley has commenced proceedings in the Supreme Court, to have this deed set aside. In her sworn complaint she sets forth that although the deed bears her signature, it was not her act nor deed.

She states that her name was procured thereto by imposition and by fraudulent concealment, devices and representation by the said Rutger B. Miller, he alleging that the paper to which he procured her signature was merely a power of Attorney authorizing him—said Miller—to transact certain business for her with Thos. W. Olcott, Esq.,—*Albany Statesman. Feb.* 13.

MARINE LOSSES.—The ten Marine Insurance Companies in operation last year in this city sustained losses amounting to $6,827,040—a very large sum for one year. These losses were—

On Marine risks	$6,817,845
On Inland risks	13,759
On Fire risks	17,436
Total	$6,849,040

Of these losses the Atlantic paid 36 per cent., the Great Western over 19 per cent.

Senator Seward on Broderick.

On the announcement of the death of Senator BRODERICK, in the U. S. Senate, on Monday last, Gov. SEWARD addressed that body in the following eloquent and appropriate terms:

MR. PRESIDENT:—The great national event of our day, I think, is the extension of our empire across the interior of the Continent from the borders of Missouri to the Pacific coast. He who shall write its history will find in that event materials, both copious and fruitful, wherewith to enlarge on the integrity of the American Union, and the destiny of the American people. But he will altogether fail, however, if he does not succeed in raising Houston, Rusk and Broderick to their rank among the organizers of our American States, such as the world has assigned to Winthrop, Williams, Raleigh, Penn, and Oglethorpe, as well as in placing Taylor and Scott, and Worth, and Quitman, as Generals, beside Washington, and Greene, and Gates, and Marion. And impartiality will also require him to testify that Broderick, more vigorously and resolutely than any of his predecessors, overcame the accidents and circumstances which ever opposed his success. Neither birth, nor fortune, nor education, nor training, nor patronage, nor association, nor prestige of any kind, favored ambition in his case. While yet very young, he disappeared from among the merely municipal excitements of a great commercial city on this side of the Continent to rise as suddenly upon the other side, towering conspicuously among the ill-assorted and irregular groups of adventurers who went there from all parts of the world, who appeared reckless of all sentiments, and animated only by one absorbing passion—to become quickly rich by being the first to pick up the golden dust from the beds of the rivers of California.

As we looked upon this tumultuous gathering from this distance, we asked how shall even peace be preserved and life secured among them, and how and when shall this political chaos be rendered to the solid substance of a civil state; even then, while we were yet asking these questions, we saw that civil state rise up before us in just proportions, strong, vigorous, firm, and complete in the fullness of material and moral sufficiency. Free, too, but at the same time loyal and faithful to the Federal Union.—The hand that principally shaped it was that of David C. Broderick.

Mr. President, when I heard in foreign lands of the death of our late associate, I experienced, beside the sentiment of sorrow which I am sure was common to all of us, a keener sorrow than from the reflection that he had fallen prematurely, while yet there was need and room for further public service to augment his fame. But in this I erred. It is not the amplitude, but the greatness of achievement that secures the statesman's renown. The manner of his death gave a painful shock to the moral sense of the nation. But I will not dwell upon it, because if he could hear me he would forbid all complaint. He consented, I trust, with reluctance; yet, nevertheless, he consented to the combat in which he fell. I have never known a man more jealous of his honor, or one who, living, could so ill endure to be the object of pity or compassion. I leave him, therefore, in his early grave, content to confine my expression of sorrow on this occasion within the bounds of sorrow for the loss of a friend than whom none was more truthful and honest, of a Senator than whom none more incorruptible ever uttered a voice, a statesman who, though he fell too soon for his country's hopes, has yet, like Hamilton, left behind him a noble monument, wholly complete and finished.

PERSONAL.—The following are the personal characteristics of some of the Republican members of Congress, beginning with New England:

John B. Allen, who represents Lynn, the great shoe mart, has grown rich by the business which prevails in his town. He occupies the seat once filled by Joseph Story and Rufus Choate.

William Porcher Miles represents the same place, as the successor of George M. Duffie.

Daniel E. Somes, of Maine, for seventeen years carried on the manufacture of reeds and harness for cotton and woolen houses, employing from sixty to eighty men, at Biddeford and Lewiston. At one time he employed from 300 to 500 men in the shoe business at Biddeford.

Mr. Foster, from the extreme Eastern District of Maine, has been heretofore largely employed in the lumber trade.

Freeman H. Morse began life as an operative ship carver, subsequently became widely engaged in the shipping business, and now trades with all parts of the country in lumber.

Mr. Walton, of Vermont, is a practical printer, and was for a long time the editor of the *Watchman*, at Montpelier.

Mr. Morrill, of the same State, followed mercantile pursuits, till within the last dozen years, since when he has turned his attention to agriculture.

Mr. Buffington, of Massachusetts, was formerly employed in trade at Fall River.

Mr. Rice was brought up as a Boston merchant, and has been Mayor of that city.

Eli Thayer is an instructor of youth.

M Woodruff represents the New Haven District in Connecticut. He is a manufacturer of clocks.

Mr. Brayton, of R. I., has become wealthy by the lumber trade.

Mr. Simmons, of the same State, has been engaged, during the active years of his life, in manufacturing pursuits.

Charles Francis Adams was educated for the bar, but has devoted his attention principally to politics and literature.

Mr. Carter, of New York, acquired wealth by trade, in that city.

Mr. Butterfield, the representative of Wayne and Cayuga, was, for nearly 30 years, a successful merchant at Palmyra, and is now engaged as a rope manufacturer at Black Rock.

Mr. Frank is an enterprising merchant of Warsaw.

Spalding and Spinner are bankers. General Spinner was Deputy Naval Officer of the Port of New York, under Michael Hoffman.

Mr. Palmer is engaged in the flouring business at Plattsburgh.

Mr. Hoard, of Watertown, is a watch-maker, and is now engaged extensively in the manufacture of portable steam engines.

Mr. Graham is a thriving merchant of Delhi, and a self-made man. For forty years he has been extensively engaged in the New York butter trade.

Mr. Fenton, the representative from Chautaque District, read law as a branch of education, but has not practiced it. For 20 years he has been engaged in the lumber trade.

WHO IS HE?—Rome is still very empty of strangers. Rev. Dr. Frothingham and family have just arrived from Naples. The same day departed for Florence a notorious New York lawyer, who absconded some six years ago with all the money confided to him, as trustee, by numberless women, orphans, and others. Two of the plundered women have at different times pursued him to Italy, with the hopes of forcing him, by the aid of the Courts of this country, to disgorge some part of his ill-gotten spoils; the first failed, for want of jurisdiction in the Courts over the subject matter; the second has, I was yesterday told, succeeded in pursuading him to pay her $500—saying it was an act of free will, as no body could compel him to do it. This man has boasted of the fact that his wife is the richest woman in America—her brother having died since the date of his frauds and escape, and left her five hundred thousand dollars. Yet a wretch like this dare to go about among honorable men and women, and his family so ill-judged as to call on respectable people, who with all the good feeling in the world, and reluctance to visit the sins of the guilty on the innocent, cannot do more than send cards in return.—It is said, however, that he fights rather shy of Americans, reserving his favors for Englishmen, who are not quite so likely to learn his antecedents. I will say abruptly—adieu—promising more and better anon.—*Rome cor. Boston Transcript, Jan. 14th.*

Who is the New York Lawyer?—*N. Y. Express.*

HON. THADDEUS STEVENS AND THE "CRACK OF DOOM."—The Lancaster *Express*, commenting on a sketch of Hon. Thaddeus Stevens, says:

"The latest and best joke of Mr. S., however, is the reason he gives for voting for Pennington, of New Jersey. It will be recollected by our readers, that about a week since he announced his intention of sticking to Mr. Sherman, until the "crack of doom." But on Friday he voted for Mr. Pennington. Supposing, no doubt, that his friends at home wondered how he could reconcile that vote with his previous declaration, he wrote to one of them to relieve them of any apprehensions. He said that on Friday morning he had been reading an account of the earthquake in South Carolina, and he thought that was a '*little crack*' and concluded to go for New Jersey!

THE CHAMPION SWIMMER.—A Sandwich Island boy recently deserted the whale-ship Franklin when about twenty miles at sea, jumping overboard about eight o'clock at night, and swimming all night for the land. By daylight he was within half a mile of shore, but there encountered a strong opposing current, and after buffetting the waves in a vain effort to reach the beach, he saw a sail several miles to leeward, changed his course for the vessel, striking out to sea again, and was on her deck by nine o'clock Friday morning, nothing harmed by his thirteen hours' swim.

What is the difference between a crockery dealer and a cabinet maker? One sells tea-sets and the other settees.

A CONSOLIDATED DESPOTISM.—The Charleston *Mercury* repudiates Senator Douglas' proposed slave code for white men, as the last step towards a "consolidated despotism" of the Federal Government over the States and the people. Says the *Mercury*:

"We say that any law empowering the Federal authority to interfere in such a case by military force, will be utterly unconstitutional, and it will be as dangerous as it will be unconstitutional. It will authorize the Federal Government to pry into all assemblies of the people in a State—to set up a system of espionage, totally inconsistent with the free exercise of their rights—and upon suspicion or rumor use the military of the United States against the people. Of course we suppose every Consolidationist in Washington to vote for such a measure. It marks the progress of the Federal Government to a consolidated despotism."

Mr. Douglas' proposed law is the logical parent of all the infernal machines which grind the people of Europe—espionage, muzzling the press, irresponsible courts, unlawful arrests, and the whole category of oppression. They all proceed from the assumption that a certain class of opinions must be exterminated. Francis Joseph and Louis Bonaparte spend all their days and all their powers in "suppressing the irrepressible conflict."

THE SENTINEL.

CLINGING.

Cling to the Mighty One,
Cling in thy grief;
Cling to the Holy One,
He gives relief.
Cling to the Gracious One,
Cling in thy pain;
Cling to the Faithful One,
He will sustain.

Cling to the Living One,
Cling in thy woe;
Cling to the Loving One,
Through all below:
Cling to the Pardoning One,
He speaketh peace;
Cling to the Healing One,
Anguish will cease.

Cling to the Bleeding One,
Cling to his side;
Cling to the Rising One,
In him abide;
Cling to the Coming One,
Hope shall arise,
Cling to the Reigning One,
Joy lights thine eyes.

TWENTY STEPS
TO ONE WOMAN'S HEART.

CHAPTER V.

> "Much in his prudence did our knight rejoice,
> And thought no mortal could dispute his choice.
> Once more in haste he summon'd every friend,
> And told them all their pains were at an end."
> POPE.

Sure enough. The morrow found the beauty swaying herself in the luxuriant rocker; the same patches of shade chequering her face and form, the leaves of the tiger lillies strewn in her lap, and a solitary wild rose in her dark hair. Mary with her head bent over the worsted, and Chartsey at the little table arranging his papers. But there was another listener now. Lotty sat at the doorway of the summer-house braiding the long stems of the marsh willow into childish conceits, and I on the wooden seat, half reclining. It was not unpleasant to have Chartsey's voice break in upon the sleepy music of the brook and the trees. He had a musical voice, and his avocation as reader might offer me more opportunities to admire the picture placed so near me. After some little raillery he commenced

STEP SECOND.

Miss Ontario Tanglegrass sat at the deep bay window of the superb Tanglegrass mansion on Fifth Avenue. She fanned herself with a jewelled fan and looked out upon the dusty street with an *ennui* air. Miss Tanglegrass was a "fine looking girl," according to her own mind. Her eyes and hair and teeth were good, all admirable; and, moreover, she had a *distingue* air, which, it must be admitted, is not always bestowed upon the "fine looking." When she moved she reminded you of Cleopatra—though the motion had only been induced by a call to dinner. Miss Ontario Tanglegrass was the daughter of the late Horatio Tanglegrass. That was enough.

Horatio Felix Tanglegrass, Jr., lay upon the Turkey carpet in the centre of the room, his slippered feet on an ottoman and an immense pillow under his head. He held a smelling bottle in his hand and as he applied it to his patrician nostrils he emitted a sigh of pleasure. By his side were several other little ornamented vials containing perfume, and the young man occasionally varied his amusement by changing the bottles, applying the perfume first to one nostril, and then when that was satiated, to the other. He even ingeniously blended the perfumes, and then as some olfactory sensation more exquisite than the rest affected him, he said, "Onte"—"Onte" was the affectionate contraction of Ontario—"Onte, this is distractingly fine; why don't you get a pillow and enjoy the true aroma of happiness."

To which Onte made no reply but bent her head to look down the street, still fanning herself with the jeweled fan.

"A fig for their attar and balm of a thousand flowers," continued Mr. Horatio Felix. "West end and patchoulie, nothing can approach lavender with a grain of musk in it; did you ever try it Onte?"

Still the young lady did not deem the question worth answering, or something of greater importance occupied her mind. The flow of Mr. Horatio's ideas, however, was in no wise impeded by the taciturnity of his companion. Inhaling as much as possible of the odoriferous essence, he exuded his language in long drawn sighs.

"Do you know, Onte, that I think we are not half thankful enough to a kind Providence for the many new and blissful circumstances which have been permitted to hem us in. How many there are now, Onte, who are deprived of the delicate organization to recognize the subtle pleasures of life? How many there are who have no means to purchase oderiferous happiness like this? Now I think of it, what a potent help these gentle influences would be to the man who has to expend his breath for the million, why would not these tinctures inspire sweet ideas and tinge the words with their own balmy charms—eh Onte?—is'nt that an idea? But I know what you will say—you cruel compound of stony wisdom and dusty philosophy—you will say those whose words come from the lungs only, can be tinctured with anything—Ah, I can anticipate your reply, you see."

"Felix, you're a fool!" said Miss Ontario, rather dreamily, without turning her head from the window.

"I admit it, Onte. We are all fools—though slaves would have been a better word. Let me suggest, if you have occasion to repeat the truism, that you substitute slaves for fools. We are slaves to sense. For instance—you sit at the window and pamper your eye with passing pictures, while I choose rather to encourage the olfactory appetite, which, after all, is the least tyrannical of the senses and the most easy to gratify. Your sense excites you. I may say everything is in your eye, but I, to use an excessively vulgar phrase, follow my nose to the outskirts of elysium."

Miss Ontario here broke in upon the chain of reasoning by exclaiming:

"Strike me poor, if here isn't Gerard Linton tieing his tandem to our Ailanthus. Get up, will you, Felix."

"What, for Jerry Linton! Strike me stupid if I do. Run and tell Mary to say we're indisposed, and won't be at home—that's a good Onte!"

The manner in which his sister rose from her seat and swept past him, knocking down an *ormulu* ornament, was convincing to the young man, however, that she would do no such thing. He regarded her, as she advanced across the room and made her exit, with a silly admiration, saying:

"What a splendid motion, quite as terrible as an army with banners."

And then, with a languid effort, arose, taking a parting draught of the perfumery and laving the arid moustache with lavender water, twirling the extremities into spiral convolutions, and soliloquizing the meanwhile:

"Jerry Linton comes does he! And what brings him here? Why grace, well-balanced attractions—the centripetal force of admiration. The magnet of womanhood, eh? Why, of course! He doesn't come to see me? No. Ridiculous! Onte, beware!" and the volatile young gentleman began to sing in a dawdling manner:

> "I'd be a parody made by a ninny,
> On some little song with a popular tune,
> Not worth a half-penny, sold for a guinea,
> And sung in the Strand by the light of the moon."

The parlor in which Mr. Felix Tanglegrass was promenading was adjoined by another of equal size, only divided by large doors, fitted in grooves, and which now were nearly closed, leaving a space of half an inch, through which one might look, into the back parlor. The young gentleman was not slow to avail himself of this circumstance, and when he saw Jerry Linton seated on the divan, in close communion with his sister, he became deeply interested, taking a turn up and down the room, and appearing highly pleased.

"Yes," he said in a whisper, "I see how the wind blows. Mr. Linton deserves credit for his discernment. A pleasing fellow too, and well connected. Let the blind god reign."

He then took another peep, but was unable to learn what the subject of conversation might be. At last, growing tired of waiting, he returned to his pillow, and was soon fast asleep, with his favorite lavender under his nose. It may have been half an hour before the violent closing of the hall door awoke him, and, with a petulant start he exclaimed:

"Abominable disruption of phantasy, what was that!"

The entrance of Miss Ontario seemed to have the effect of collecting his senses.

"Ah yes, I remember; Venus and Mercury in the back parlor. Well Onte, was it an interesting interview—fraught with much promise? Of course Linton loves you, eh?"

The lady addressed swung majestically across the room once or twice, without looking at the individual in a sitting posture on the carpet. Then, turning her imperious front upon him, she pointed to a chair and said,

"Felix, get up."

Mr. Tanglegrass slowly obeyed her, muttering as he did so,

"Jerry must have went away again, without proposing."

"Now then," said Miss Ontario, with a grandiloquent air, and the attitude of a tragedy queen. "Listen to me!"

BININGER'S
OLD LONDON DOCK
GIN

A. M. BININGER & CO.,
(ESTABLISHED 1778.)
SOLE IMPORTERS,
No. 338 Broad Street, New York.

THIS DELICIOUS TONIC, ESPECIALLY for the use of the

Medical Profession and the Family,

Possesses those INTRINSIC medicinal properties, [Tonic and Diuretic] which belong to an

OLD AND PURE GIN.

The business of manufacturing spurious Gins, and offering them as beverages, under the titles, "Aromatic," "Cordial," "Medicated," &c., has become so common that the public are justly suspicious of nearly every thing that is offered under similar forms, and the trade has thus been brought into disrepute. It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a new era in the history of the Trade. We trust that our established reputation—founded upon eighty years of experience—abundantly vindicates our claim to public confidence.

N. B.

A comparison of "Bininger's [Old London Dock Gin" with others bearing similar names, will establish its superiority, and make other Caution unnecessary.

Put up in Quart Bottles, in Cases of one and two dozen each, and sold throughout the world by Druggists, Grocers, &c.

The entire disease is often arrested at once, and in all cases the violence of the attack is moderated, the disease shortened, and rendered less dangerous.

Coughs and Colds, which are of such frequent occurrence, and which often lay the foundation of diseased lungs, bronchitis and consumption, may be at once cured by the Fever and Cough Pills.

THE
GREAT WONDER
Of the Nineteenth Century,
PROFESSOR WOOD'S
HAIR RESTORATIVE.

SAYS THE ST. LOUIS, (MO.) DEMOCRAT: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic.—Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no enconiums, nor useless puffery from the press:

BATH, MAINE, Jan. 20, 1856.

Professor O. J. Wood & Co:

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has resumed its natural color, and I believe more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly, yours, A. C. RAYMOND.

Baltimore, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever in New Orleans in 1854, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure. FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally loved. WM. DYER.

Brookfield, January 12, 1858.

Professor Wood—Dear Sir. Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds ½ a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottel; the large holds a quart, 40 per cent. more in proportion and retails for $3 a bottle.

THE SENTINEL.

COMMERCIAL.

FRIDAY EVENING, February 17th, 1860.

Money Matters.

No change in our money market. Currency is not over and above plenty, but the demand at present being light, no serious inconvenience is felt. Exchange we quote at 1½ per cent. buying, 2 per cent. selling.

CHICAGO.—The *Press & Tribune* of To-day has the following with regard to monetary matters in Chicago:

> Dullness still has possession of the money market. The amount of business doing is fair for the season, but as compared with active transactions in grain, beef, pork, etc., the demands now upon bankers are exceedingly limited. A large amount of capital is lying in the banks entirely inactive.
>
> Exchange is steady at 2 per cent. premium for currency. Gold 2½@2¾ with no demand.
>
> Outside the banks there is little or nothing doing.—Rates for good paper, an article not largely manufactured in these days, are nominal at 1¼@1½ per month.

Commercial.

Receipts by Railroad for the 24 hours ending noon to-day include:

Flour, bbls	894	Dressed hogs	45
Wheat, bus	6,720	Hides, No	136
Oats, bus	625	Butter, lbs	180
Corn, bus	612	Rags, lbs	560
Barley, bus	671	Highwines, bbls	7

The improved feeling in the wheat market, which we noted yesterday, developed itself to-day in an advance of ½c on No. 2 and 1c on No. 1 Spring, the former selling in store at 97½c and the latter at 99c on the track and $1 delivered. Extra and Club were firmer, but not quotably higher. The market maintained a steady tone throughout the day, and closed firm.

Flour remains quiet. A small sale of Spring Extra of a fair quality is noted at $4,50.

There was not much done in coarse grains. Oats are quoted at 33c delivered. We heard of no sales on 'change. A couple of car loads of shelled corn sold at 51@52c, and a few hundred bushels barley at 63@65c for No. 1 to Extra.

Dressed hogs continue firm at $6,00@6,75 for fair to good averages with an occasional heavy lot going as high as $6,90@6,95.

CHICAGO, FEB. 16TH.—Receipts include flour, bbls 3,465; wheat, bush 9,751; corn, bush 30,735; oats, bush 2,255; rye, bus 1,257; barley, bush 190.

The receipts of hogs, live and dressed, to-day amounted to 202. There was a good inquiry for dressed both by packers and shippers, and the market was firm. Nearly all the desirable lots on hand, however, were closed out yesterday, and the shippers obtained but few. The sales range from $6,25@6,75. Live Hogs were in good demand by packers and sales were made at $5,00@5,50 gross. Beef cattle were in better request both by packers and shippers, and the market was about ⅛c better—sales ranging as high as $4,00 for prime beeves.

In provisions we have to note a firm but quiet market. A lot of 250 bbls country M. O. and mess pork were sold at $15,50 and $16,50. Holders of city mess, however, are still firm, at $17,00. Bulk Meats are in good demand and firm. A lot of 1500 pieces Country Shoulders were sold at 6¼ packed, and 500 pieces Sides sold at 8¼c packed. Lard is in better request, and 10¾c is freely offered but the stock here is light and holders are firm at 10⅞@10¾c. A lot of 50 bbls Country Leaf were sold at 10½c. Tallow is in good demand and firm at 10½c. Hides steady.

The flour market to-day was quiet but firm, with limited sales at $4,87½@4,90 for choice spring extras, and $4,20@4,00 for spring superfine. Wheat was steady, and the transactions were small at 95½@97c for No. 2 spring in store. There was quite a re-action in the corn market to-day. At the opening several cars No. 1 were sold at 40c; but it speedily advanced to 41@41½c on 'Change, and in the afternoon several thousand bushels changed hands at 42c—an advance of 2c on the opening. Upwards of 30,000 bushels were sold, at 41@42c for No. 1; 39@40c for No. 2; and 38@39c for rejected. Oats were also in active request, and an advance of 1@2c took place, with sales at 32@33c in store. Rye and Barley quiet and unchanged. Timothy Seed in good request and firm, with more liberal transactions at $2,50@2,85½. Clover Seed continues dull at $4,60@4,65. Hungarian Grass again advanced 2½c, sales being made at 1,10@1,12½. Highwines were firm at 20c.—*Press & Tribune*.

MR. CATLIN'S EXPLANATORY REMARKS.

The foregoing report, made in compliance with the requirements of the law of Wisconsin, exhibits the condition of the Company on the 31st day of December, A. D. 1859. The report of the Superintendent shows a loss of revenue, as compared with 1858, of $196,687.24. The decrease on the freight traffic, as compared with 1858, is $15,551,95, and of apssengers, $94,332.58, and there was an increase of mails, rents, &c., of $3,727.59. This decrease is caused mainly by competition—by the opening of new lines, and the desire, in a depressed period, by rival lines, to secure business at *any rate*. There was an increase of revenue in 1858 on the freight traffic over 1857 of $37,980.44, on the supposition that the business of the country had reached its lowest point, greatly encouraged the Direction to count upon a revival of business, and increased earnings for the past year, which has been met by great disappointment.—The revenue derived from the freight traffic is $512,318.25, of which $385,541.02 is way or *local*, and $95,262.67 is *through*, and the balance is made up of Express, rents of Milwaukee and Watertown Railroad, and miscellaneous. The *local* freight is the only encouraging feature exhibited by the operations of the year.—The decline in the passenger traffic is marked and proves quite conclusively that there has been no revival of business in the section of country traversed by this Road. The decrease in the lumber traffic of over three millions of feet compared with 1858, when there was a decrease as compared with 1857 of about seven millions of feet, goes to confirm the same thing. There was a decrease in the number of *way* passengers in 1858, as compared with 1857, of 44,064, and in 1859, as compared with 1858, of 19,320, and of *through* in 1858, as compared with 1857, of 11,142, and of 1859, compared with 1857, of 11,142, and of 1859, compared with 1858, 12,931.

There is a greater decrease in revenue derived from through passengers, because of less rate, which is determined by the lines starting from Chicago. The decrease in revenue on through passengers in 1859, compared with 1858, is $51,679.70, and compared with 1857, is $74,956.55. The portion of the decrease on *through* passengers, of course, is to be attributed to competition or diversion to other routes, but this cannot be said of the way passengers, to any extent, as they are *local* to the line.

A comparison of the operating expenses of 1859 with the expenses of 1858, a table of which will be found appended, shows a decrease in the aggregate of only $4,291.50; yet, an examination of the items exhibits a steady decrease in the ordinary expenses, as follows: in fuel $17,284; engineers and firemen, $4,125; train service, $6,512; oil and waste, $3,006; station service, $9,523; stationary and printing, $1,330; traveling agencies and advertising, $3,051, and of salaries and expenses of directors and officers, $1,161, and where the expenses have increased, it has been by adding to the value of the property or in unavoidable expenses, as follows: repairs on road, $16,610; locomotives, $6,054; damage to property, $1,364, repairs of buildings and improvements, $9,216; miscellaneous $3,771; repairs of bridges, $3,950; ferry, $1,700, and law expenses, $5,608. There was an increase of service performed by locomotives of 9,000 miles.

The law expenses are mainly caused by the embarrassed financial condition of the Company. The Steam Ferry, at Prairie du Chien, across the Mississippi River to McGregor, in Iowa, was purchased to give the road business, and to put the company on par with other lines whose boats touch at McGregor. The apparent debt of $4,256 against the ferry is the balance of the account of the expenses kept with it without giving it any credit for the grain and other business it has brought to the road. 425,222 bushels of wheat, and 14,674 barrels of flour were shipped from Prairie du Chien during the year, and the larger portion was delivered to the road by the Steam Ferry Boats. This ferry was purchased at a cost of sixteen thousand dollars, which was indispensably necessary in order to secure the business of Northern Iowa, finding its market at McGregor.

The steamer *Alamakee* was purchased at a cost of $11,397,60-100, for the same purpose, and to touch at other points above and below McGregor, to facilitate the business of the road. By the aid of these boats, the road is, practically, terminated on the west side of the river, and secures to it a large business, yet in its infancy, which would otherwise mostly be lost to this road.

During the past year, the Racine & Mississippi road has been opened to Freeport, forming connection with the North-Western and the Illinois Central Roads, thus opening another route to the Mississippi River. The Milwaukee, Watertown and Baraboo Valley Railroad has been extended to Sun Prairie, within twelve miles of Madison. The Chicago and North-Western Road has also been opened during the year from Janesville through to Oshkosh. These roads *indirectly* and, at points, *directly*, come in competition with your road, and tend to reduce rates and divert business. The worst effect of competition, however, is in the reduction of rates, and the payment of drawbacks and commissions.

During the past year a portion of the indebtedness of the Company has been paid in freight from competing points, under an arrangement to secure business to the road, which was liable to be diverted to other routes.

The liability of the Company to the city of Milwaukee for the $234,000 of its 10 per cent. bonds, and for which stock was issued to the city, is represented in the Capital Stock Account. The same is true of the $767,800 of farm mortgage bonds, issued in connection with the farm mortgages negotiated by the Company.

The floating debt as shown by this report, on the 31st Dec., 1859, including mortgage coupons and sinking funds, is $562,378,77, and consist of the following items:

Warrants outstanding	$8,669,01
Dividend certificates and unpaid dividends	8,584,62
Scrip	542,11
Debts payable, including $61,887,94, due to men	$9,630,21
Bills payable	85,720,01
Unpaid sinking funds	107,000,00
do mortgage interest	144,480,00
do insecured do	157,055,50
Construction bonds	155,500,00
Credits to mortgagors	140,246,08
Total	$562,378,77

The plan adopted of funding the floating debt has not been carried out, except to a small extent. The creditors of the Company in the main refused to accept the third mortgage bonds, so called, and the directors, in justice to those who had taken them, ceased their efforts in view of the declining business of the road, making it doubtful as to their ability to carry out the scheme.

The income account exhibits a debit against the Company on the business of the year, and balance of last year, of $326,912.96. The amount of road mortgage interest due on the 31st day of December, 1859, is $144,480, and the amount of the sinking funds due is $107,000; to which may be added the mortgage interest falling due January 1, 1860, amounting to $38,740.

Under so discouraging a statement, it is evident that without a vigorous effort, or an arrangement preventing competition, or a revival of business, the road cannot long be retained by the stockholders, and it is submitted to you whether it is not advisable under the circumstances, to let the trustee of the sinking fund and second mortgage bonds enter into the possession, under an arrangement, or with the understanding that he shall forbear a foreclosure while there is a reasonable prospect that the net earnings will pay up all the mortgage interest for the next two years. The advantage of such an arrangement would probably be to prevent a foreclosure, lessen the law expenses and litigation of creditors, and give the Company time to devise a plan for the creditors, stockholders and third mortgage bondholders, to extricate the Company from its present embarrassed condition. If operated in harmony with the direction and stockholders, its expenses might be reduced, while the earnings would not be lessened.

The directors are not without hope of yet being able to make arrangements with competing lines to prevent competition, which would give better rates, and then, with a slight revival of business, the earnings would be greatly increased, while the operating expenses would be less.

By order of the Board,
JOHN CATLIN, President.

Milwaukee, February 4, 1860.

The Great Secret at Last Discovered!!

JUNIUS JUDSON,

PATENTEE AND MANUFACTURER OF

JUDSON'S PATENT

GOVERNOR VALVES,

FOR REGULATING THE

MOTION OF STEAM ENGINES,

WARRANTED THE MOST PERFECT Governor of Steam Power in the world, and like all really great inventions, the most simple. Manufactured by Judson & Snow, at Rochester, N. Y., Selye Buildings, near R. R. Depot.

☞ Shop Rights for sale.

CAUTION TO INFRINGERS.

Patent issued in the United States, Nov. 5th, 1850. Reissued, Jan. 4th, 1851. Second Patent, March 4th, 1851. Patented also in Great Britain and the Canadas, June 6th 1851.

This improvement consists in making regulating valves to open with a rapidly increasing ratio of opening, by increasing the width of the opening made in the valve—or by accelerating the opening motion of the ordinary valves in use—or by combining increased width of opening, with accelerated valve motion. My patent Valves and Governors are so arranged as to give the resistance to the piston's motion, (or retard of the engine,) the power to open the valve just the exact amount of aperture necessary to counteract that resistance; and from the aperture, by the addition of equal amounts of resistance, notwithstanding that the action of the governor is continually decreasing in its effects.

I therefore reverse the action of valves combined with governors, as heretofore used. And as this effect can be produced by many different mechanical devices, (apparently not similar, but really indentical with my improvement,) by which infringers have imposed upon the public, I therefore caution and request all persons interested, to examine carefully all alleged improvements in valves or governors, to see if the application of this truth or principle, first discovered and applied by me, is not involved in their arrangements;—and thereby prevent a fraud upon the purchaser and inventor, both of which are at present much annoyed by their piratical depredations.

It is the favorite Sauce in England and on the Continent, with a high and growing reputation among American Epicures, and is much approved of as a stimulant to the appetite and aid in digestion.

Opinions of the London Press.

"We recommend our correspondent to try MONS. SOYER's new Sauce, entitled the 'Sultana's Sauce.' It is made after the Turkish recipe; its flavor is excellent, and it affords considerable aid in cases of SLOW AND WEAK DIGESTION."—*The Lancet.*

"Savory, Piquant and Spicy, worthy the genius of Soyer."—*Observer.*

"A most valuable adjunct to Fish, Flesh, and Fowl, and should have a place on every table."—*Atlas.*

This caution is rendered essentially necessary, as large quantities of inferior and defective Linens are prepared, season after season and sealed with the name of RICHARDSON, by Irish Houses, who, regardless of the injury thus inflicted alike on the American consumer and the manufacturers of the genuine Goods, will not readily abandon a business so profitable while purchasers can be imposed on with Goods of a worthless character.

THE GREATEST

MEDICAL

DISCOVERY

OF THE AGE.

MR. KENNEDY, OF ROXBURY, HAS discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,

FROM

THE WORST SCROFULA DOWN TO A COMMON PIMPLE.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will cure the system of biles.

Two bottles are warranted to cure the worst canker in the stomach.

Three or five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three or four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of the diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother,

NURSING SORE MOUTH

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, ensuing

DYSPEPSIA

which is nothing but canker on the stomach; then on the intestines and

KIDNEYS

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follows a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "an ounce of prevention is better than a pound of cure." In the

MEDICAL DISCOVERY

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.

DR. CHURCHILL'S REMEDY.

WINCHESTER'S GENUINE PREPARATION OF THE

HYPOPHOSPHITES

OF LIME AND OF SODA,

(Made from the Formula of Dr. J. F. Churchill,)

FOR THE PREVENTION AND CURE OF

CONSUMPTION!

THE SUCCESS OF THIS NEW REMEDY, (discovered by Dr. Churchill, of Paris,) is obtaining the most UNBOUNDED POPULARITY throughout Europe and the United States. It is a purely SCIENTIFIC PREPARATION, and acts with INVARIABLE EFFICACY in all stages of Pulmonary and Nervous Diseases.

This *Remedy* has not only a curative effect, but will, if used wherever there exists a suspicion of the disease, PREVENT ITS DEVELOPMENT, and thus act, *as a preventative with regard to Consumption, just as vaccination does with regard to small-pox.*

What the Medical Profession Say.

"In no instance have I found the Remedy to fail."—*Dr. Churchill.*

"I have used your preparation of the Hypophosphites *with the most happy effect*"—*C. Fisher, M. D., Lyndville, Ill.*

"*I have been astonished in witnessing the good effects of the Hypophosphites.* The statements in your pamphlet are not at all exaggerated. My patient was just entering the last stage of tubercular consumption."—*S. Moses, M. D., Hoosic Falls, N. Y.*

"They exert an important remedial influence over the tubercular disease by *improving the nervous strength and invigorating the nutritive functions.*"—*Dr. W. E. Rust, Morristown, N. J.*

"I have derived more satisfaction from the use of your Hypophosphites *than from all other forms of medication combined.*"—*Dr. Geo. W. Marts, Columbus, O.*

"If, on the earliest appearance of the symptoms, the patient takes daily about ten grains of the Hypophosphites, he will speedily find himself in the enjoyment of such health as he, perhaps, had never known in his life before."

"Winchester's Hypophosphites are unexceptional in their preparation."—*Am. Druggist's Circular.*

"Mr. Winchester is worthy of all confidence, and devotes himself enthusiastically to these preparations in all their variety of combination. Prepared strictly by Dr. Churchill's method."—*D. Meredith Reese, M. D., New York.*

"LOWELL, O., July 5, 1859.—I have had several cases given up by attending physicians who are now exempt from all the symptoms of pulmonary disease.—I have used the Remedy in my own case, with decided success. It was regarded as hopeless by physicians and friends, and even by myself, under the 'old treatment.' I am now able to ride, in attending the sick, as many miles, perhaps, in a day, as any other physician in the country."—*W. F. Clark, M. D.*

"The Hypophosphites are most appropriate Remedies in large class of affections resulting from loss of nervous force."—*Boston Medical and Surgical Journal.*

Dr. Churchill's Work on Consumption,

IS NOW READY.

The Hypophosphites may be used with incurable success in Chronic Bronchitis, Asthma, Dyspepsia, and in all "Nervous" Disorders.

Make no Delay!

Consumptives, in any stage of the disease, should resort immediately to the use of the Hypophosphites of Lime and Soda. "Winchester's Genuine Preparation" (in simple syrup), in extra large bottles, is "chemically pure"; is the combination proposed by Dr. Churchill "for general use"; and is prepared according to his original Formula.

For sale, Wholesale and Retail, by HENRY FESS, Jr., Milwaukee, who is authorized to supply THE TRADE at New York prices.

For sale at Retail by J. M. ALCOTT, and by all prominent Druggists.

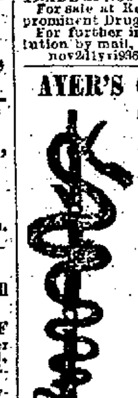
AYER'S CHERRY PECTORAL.



THROUGH A TRIAL OF many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat.—The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him CONSUMPTION. He tries every thing; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The countless colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a home.

Authenticated evidence of these facts, with directions for the treatment of each complaint, may be found in Ayer's American Almanac, of which we publish three millions, and scatter them broadcast over the earth, in order that the sick everywhere may have before them the information it contains.—Druggists and dealers in medicine generally have them for distribution gratis, and also for sale these remedies, prepared by DR. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

ARE YOU SICK?

Then you can't be cured too soon. Don't delay until your complaint is incurable, and then mourn when it is too late. Four-fifths of all the diseases which people the church yards, might be cured by Ayer's Cathartic Pills, if taken in season. Don't go dragging through the Spring, faint, sleepy and listless, because your blood is loaded with bile. Don't wear the Headache, Heartburn, and their kindred disorders, because the stomach is foul. Don't parade yourself around the world, covered with Pimples, Blotches, Ulcers, Sores, and all or any of the unclean diseases of the skin, because your system wants cleansing. Don't show yourself about, lean, haggard, all caved in, because your Stomach and Bowels need strengthening into healthy action.—Ayer's Pills set these things right as surely as water quenches fire. They purify the body and blood, and restore their functions into healthy activity which you can feel as quickly as they are taken.—They are the one great medical wonder of the age, recognized by all who know their virtues, and many thousands know them. Take the Cherry Pectoral for a cough, and the Pills for all derangements requiring a purgative medicine.

Prepared by JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass., and sold by JOHN RICE, Milwaukee, J. H. REED & CO., Chicago, and all Dealers in Medicine everywhere.
